EQUALITY STATEMENT

At Elizabeth Woodville Primary School, we are committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers receiving services from our school, irrespective of race, gender, disability, belief, sexual orientation, age or socio-economic background. We aim to develop a culture of inclusion and diversity in which all those connected to our school feel proud of their identity and are able to participate fully in school life.

We have taken an organisational approach and have ensured that all equality strands are woven into the everyday working of our school, particularly in relation to formulating policy and practice around both delivery of our service and employment but also in relation to other functions such as setting budgets, making public appointments and funding.

The achievement of pupils will be monitored by race, gender and disability and we will use this data to support pupils, raise standards and ensure inclusive teaching. We will tackle discrimination by the positive promotion of equality, challenging bullying and stereotypes and creating an environment which champions respect for all. At Elizabeth Woodville Primary School, we believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.

This Policy Statement highlights how our school has worked with and listened to the staff, pupils, parents and carers to inform development of objectives and action plans and the need and commitment required to ensure the success of our key actions. This is underpinned by a commitment to promoting positive relationships and understanding between all groups within our school community.

As well as delivering high quality services to our pupils, the school is also committed to being a good employer and as such outlines how we meet our varied duties in terms of recruitment and employment practices. We are also committed to be fully inclusive of all community users, including parents and carers.

Progress towards our equality information and objectives, will be reviewed and reported to the Governing Body annually.

1. Aims

Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

2. Legislation and Guidance

This document meets the requirements under the following legislation:

- [The Equality Act 2010](#), which introduced the public sector equality duty and protects people from discrimination
- [The Equality Act 2010 \(Specific Duties\) Regulations 2011](#), which require schools to publish information to demonstrate how they are complying with the public sector equality duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: [The Equality Act 2010 and schools.](#)

3. Roles and Responsibilities

The governing board will:

- Ensure that the equality information and objectives as set out in this statement are published and communicated throughout the school, including to staff, pupils and parents
- Ensure that the published equality information is updated at least every year, and that the objectives are reviewed and updated at least every 4 years
- Delegate responsibility for monitoring the achievement of the objectives on a daily basis to the headteacher

The equality link governor is Mr. Michael Randle.

They will:

- Meet with the designated member of staff for equality annually, and other relevant staff members, to discuss any issues and how these are being addressed
- Ensure they're familiar with all relevant legislation and the contents of this document
- Attend appropriate equality and diversity training
- Report back to the full governing board regarding any issues

The Headteacher will:

- Promote knowledge and understanding of the equality objectives amongst staff and pupils
- Monitor success in achieving the objectives and report back to governors

Mrs. Cathy Cowles (Business Manager) and Mrs. Lisa Rathbone (PSHE Curriculum Lead) are our designated members of staff for equality.

The designated member of staff for equality will:

- Support the headteacher in promoting knowledge and understanding of the equality objectives amongst staff and pupils
- Meet with the equality link governor annually to raise and discuss any issues
- Support the headteacher in identifying any staff training needs, and deliver training as necessary

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 11.

4. Eliminating Discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training every 2 years. The headteacher is the designated member of staff for monitoring equality issues, and reports to an equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate.

5. Advancing Equality of Opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people which are connected to a particular characteristic they have (e.g. pupils with disabilities, or pupils who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school clubs and opportunities, including accessing information about further education and universities.)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year through the DfE showing how pupils with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information
- Consider evidence available identifying improvements for specific groups associated with particular protected characteristics, identifying any issues which could affect our own pupils

6. Fostering Good Relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies and we will also invite external speakers to contribute
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives which promote diversity, harmony and tolerance. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures, faiths and beliefs
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

7. Equality Considerations in Decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made. The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

The school keeps a written record as part of our risk assessment (known as an Equality Impact Assessment) to show we have actively considered our equality duties and asked ourselves relevant questions. This is recorded on the educational visit planning document when planning school trips and activities. The record is completed by the member of staff organising the activity and is stored with the completed risk assessment.

8. Purpose

Our Equality Information and objectives are our school's response to the specific and general duties in the current equality legislation, which has been brought together under the Equality Act 2010. It is an attempt to capture how we are systematically establishing and implementing good practice in equality and diversity

This information sets out how we will:

- develop and review the equality objectives and Action Plan
- eliminate discrimination
- eliminate harassment or victimisation related to any aspect of social identity or diversity;
- promote equality of opportunity;
- promote positive attitudes to all aspects of social identity and diversity;
- encourage participation by disabled people and people representing different aspects of social identity in public life;
- take steps to take account of difference even where that involves treating some people more favourably than others;
- take proportionate action to address the disadvantage faced by particular group of pupils.

9. Responding to equality incidents: Complaints

If a member of the public feels that they have suffered harassment or being treated unfairly by the School because of their sex, colour, race, nationality, ethnic group, regional or national origin, age, marital status, disability, political or religious belief, sexual orientation or class they should report this without fail through the School's Complaints Procedure. Complaints by staff will be dealt with under the Grievance Procedure, as appropriate.

We take all external and internal complaints seriously and will not tolerate any form of discriminatory behaviours. Complaints about staff will be investigated using the appropriate procedures.

Monitoring complaints is also an alternative method of gathering information to establish whether we are meeting our equality duties. We will report regularly to the Governing Body on complaints made and action taken.

10. Tackling Discrimination

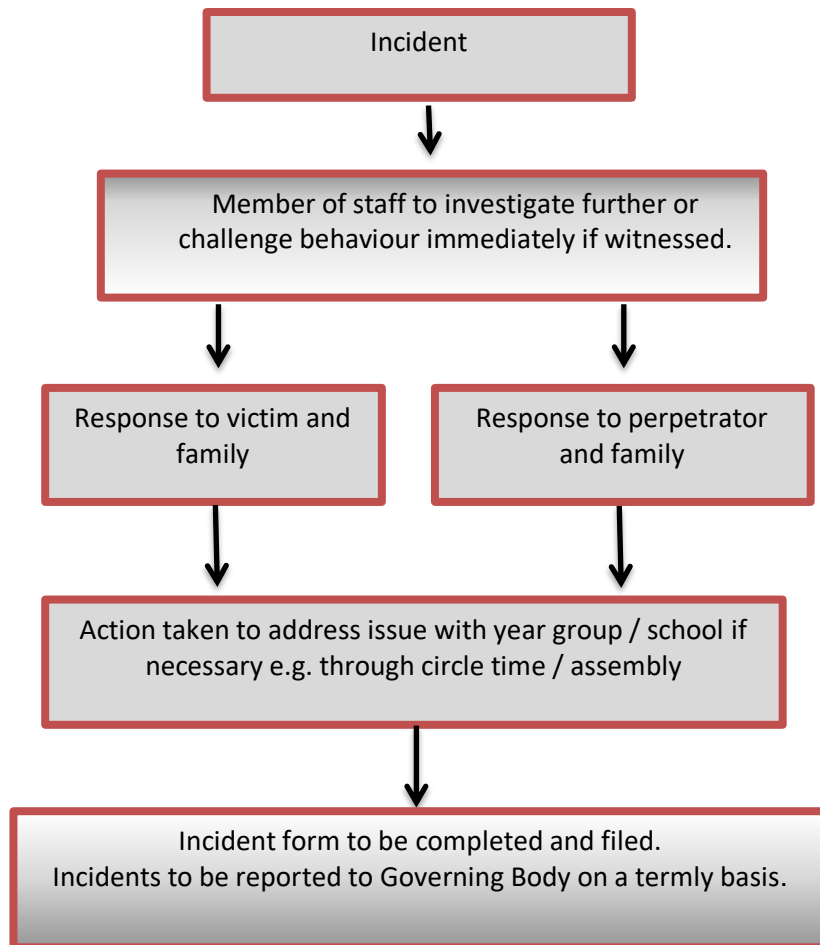

Harassment on account of race, gender, disability, religion or sexual orientation is unacceptable and is not tolerated within the school environment. This is made clear in the 2010 Equality Act. All staff are expected to deal with any discriminatory incidents that may occur. They are expected to know how to identify and challenge prejudice and stereotyping; and to support the full range of diverse needs according to a pupil's individual circumstances. Racist and homophobic incidents and other incidents of harassment or bullying are dealt with by the member of staff present, escalating to a class teacher / headteacher where necessary. All incidents are reported to the headteacher and racist incidents are reported to the governing body and local authority on a termly basis.

What is a discriminatory incident?

Harassment on grounds of race, gender, disability, sexual orientation or other factors, such as socio-economic status, can take many forms including verbal or physical abuse, name calling, exclusion from groups and games, unwanted looks or comments, jokes and graffiti.

Responding to and reporting incidents

It should be clear to pupils and staff how they report incidents. All staff should view dealing with incidents as vital to the well-being of the whole school. We respond to incidents in the following way:

11. Equality Objectives/Action Plan: 2021 – 2025

Elizabeth Woodville Primary School is committed to an inclusive ethos, which values the achievements of all children and the contribution they make to school life. All staff recognise that inclusion is a process of development and not a fixed state as it involves an ongoing review of policies and practices so that we can respond to the diverse needs of all pupils in our local community.

We want all children to enjoy school, to be challenged to achieve their very best. We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children are at the heart of everything we do.

Main Equality Objectives 2021-2025 (Set every 4 years, but reviewed annually)

Advance equality of opportunity:

1. To increase pupil, staff and governor awareness of legal and human rights and the responsibilities that underpin society.

Eliminate discrimination:

2. To continue to ensure that SLT and the Governors are clear about their responsibilities in the recruitment and selection of staff.
3. To prevent and respond to all hate incidents and prejudiced based bullying.
4. To have in place a reasonable adjustment agreement for all pupils and staff with disabilities to ensure any disadvantages they experience are addressed.

Foster good relations:

5. To promote good relations between people from different backgrounds.
 - To ensure difference and diversity (LGBTQ+) is understood and accepted and homophobia is challenged
